

Aster product catalog

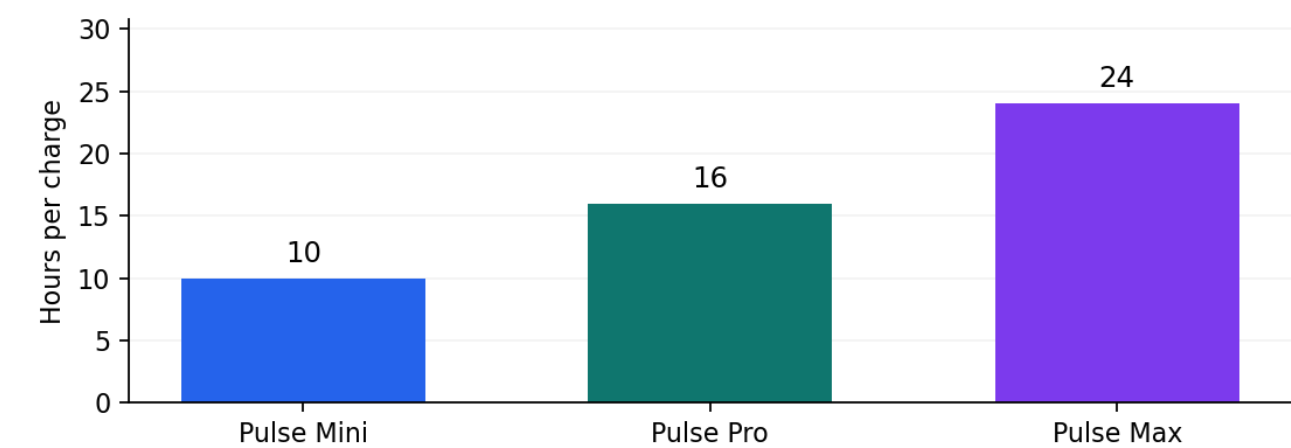

Reference catalog | Edition 1 | Synthetic demonstration

Aster Devices is a fictional company used only in this Multimodal RAG project. The Pulse line contains three portable audio products. All prices are in USD; listed stock reflects a single demonstration snapshot. The Pulse Pro is the midrange model.

Product specifications

Model	Price (USD)	Stock (units)	Warranty (months)
Pulse Mini	99	120	12
Pulse Pro	149	80	12
Pulse Max	219	40	24

Playback duration by model

Playback duration is shown in the figure only, providing an image-based retrieval question. These are invented specifications, not claims about real products.
